SIDE IMPACT TEST (UN R95): PASS

CRASH TEST DECEMBER 2013

Chevrolet Sonic is also available in the hatchback version which has comparable occupant protection to the tested sedan version — with technical evidence provided by General Motors.

From September 2013, ASEAN NCAP has introduced side impact test (UN R95) as a new pre-requisite for 4-Star and above. Also, Child Occupant Protection (COP) is presented in star-rating form.
